Simulation details

Description of the situation
Name of the exercise
This part of the description is for the learners – this is what you will tell them about the task before they start.
Instructions for trainers and actors
This part of the description is for trainers eyes only, so you can explain how you expect the learners to act. It should be as detailed as possible.

Marking rubrics

Criterion	Satisfactory level of performance	Critical mistakes

List at least three criteria, with satisfactory level of performance and critical mistakes listed.
